Company Sheet

JQ Health Organon Inc. · Forestburg, Alberta

1. Who we are

JQ Health Organon Inc. is an Alberta company. We source refined organic and non-GMO canola oil for food makers, oil packers and co-packers, in totes or bulk, with one window from quote to delivery.

2. What we supply

Table 1. Our two oils

Product	Grade	Process	Packing
Organic canola oil	Refined, bleached and deodorized (RBD)	Expeller-pressed, then refined	Totes or bulk
Non-GMO canola oil	Refined, bleached and deodorized (RBD)	Expeller-pressed, then refined	Totes or bulk

Packing: totes (IBC), bulk tank truck, railcar, ISO tank and flexitank.

3. Documents for your QA team

1. Spec sheet for the grade, with your quote, on request.
2. Producing plant's food safety certificate (SQF, BRCGS or FSSC 22000): scheme and expiry date with the quote.
3. For each lot: certificate of analysis (COA), and the organic certificate or non-GMO evidence for the product.
4. For each bulk load: bill of lading, seal numbers and wash certificate.

4. How ordering works

1. Grade and volume → 2. Sourcing and documents → 3. Approval by your QA team → 4. Contract and delivery. Send us the requirement form at jqhealth-canola.com to start.

5. Our own organic line

Organic canola oil, cold-pressed and refined, made from certified organic seed. One organic oil for all cooking, from sautéing to frying. Production starts in 2027.
